

Executive Assistant to D/Pers

19 Jun 64

Chief, BSD

Attached is Part 7, BSD, of the IG report on Personnel.

The overall deadline for us to submit comments to DD/S is 15 Jul so we've made the deadline to D/Pers 10 Jul.

At least for the time being, OD/Pers has focal action responsibility for the "counseling recommendation". This does not mean that we won't welcome anything you have to offer on BSD-function-related counseling or, for that matter, on other types of counseling.

There is also a recommendation in another section of the report (with almost no background write-up) which proposes that A&E and Personnel try to develop specific proposals regarding ways in which A&E can be more helpful. PRS has the focal responsibility for developing our comment on this and I am sure will be in touch with you.
